Dear Bianca

**Without Prejudice**

**New Foreign Patent Applications Corresponding to International Patent Application No.  
PCT/GB98/01798 Multi Channel Game.**

I have some fundamental concerns which, until they are resolved, prevent me from signing the assignments you recently sent me.

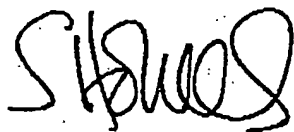

The original assignment and "Letter Agreement" dated 18<sup>th</sup> June 1998 state that Two Way TV, David Wright and myself "will enter into a formal contract". The contractual negotiations have not been initiated, and I re-iterate my comments and concerns (items 4, 5 and 6) detailed in the fax to Tracy Munro dated 21<sup>st</sup> October 1998, covering the Letter Agreement of 18<sup>th</sup> June 1998 in particular the financial consideration.

In these circumstances, it is inappropriate to sign the assignments which includes a consideration of \$1.00.

As per my fax to Tracy Munro dated 8<sup>th</sup> September 1998, all correspondence regarding commercial aspects and related negotiation should be forwarded to David Wright, and copied to myself. David Wright has my approval to negotiate our joint position until further notice.

One further point, my address for correspondence is the one you used on your covering letter, and not the one used in the Assignments.

Yours sincerely

Steve Holmes
